

The school's policy includes several aspects:

1. **Academic Standards:** The school follows the globally recognized Pearson British curriculum that focuses on developing students' academic skills in various areas such as English language, sciences, mathematics, arts, and technology.
2. **Assessment and Evaluation:** The school utilizes a Pearson British approved assessment and evaluation system that helps regularly and objectively assess students' progress and academic levels. This includes regular examinations, research projects, and analytical assignments.
3. **Teaching and Learning:** The school adopts innovative and effective teaching methods aimed at enhancing students' critical thinking skills, innovation, and self-directed learning. A conducive learning environment is provided, along with individualized educational support.
4. **Personal Development:** The school aims to support students' holistic personal development, including moral, social, and cultural values. The school encourages the development of leadership and teamwork skills in students through extracurricular activities, cultural and sports programs.
5. **Communication with parents:** The school regularly exchanges information and communicates with parents to monitor students' progress and address any inquiries or issues that may arise. Periodic meetings are held to discuss continuous improvements and collaborate in supporting students' learning and personal development.

This policy is implemented based on specific rules and regulations that provide a stimulating and suitable learning environment to achieve international education goals and meet the needs of students.
